

Administration Team

Meet the team

Behind the scenes, we have a strong and loyal support team who play a vital role which allows our consultants to deliver the level of service that really makes a difference to you as our clients.

Please meet Mary, Kaylene, Donna and Julie. These wonderful women do everything from answer your calls, coordinate your appointments for workstation assessments and training programs, to paying our bills and organising our invoicing. These women work tirelessly to ensure the wheels at SRC Solutions continue to turn each day, even in our busiest peak periods. On behalf of all the staff we thank them for their effort and contribution.
