

## **S**amantha Harrison Work Health and Safety Consultant

Master of Ergonomics (Pending)  
Certificate IV Training and Assessment  
Advanced Diploma in Myotherapy  
Bachelor of Science

Samantha joined SRC Solutions in 2005 and works both as a WHS and WSA Consultant, providing these services for our clients in Melbourne. Samantha brings to these roles strong tertiary qualifications in massage and Myotherapy together with experience in applying her skills in a range of settings which include private practice and placements with the Australian Ballet, the Melbourne Storm Rugby League Club and the Melbourne Sports Medicine Centre.

Samantha has been conducting individual workstation assessments for a wide range of clients, including advice on correct workstation set-up as well as education regarding safe work practices to assist in the prevention of common workplace injuries.

Bringing together her qualifications and experience in the health care industry and her knowledge and understanding of the corporate working environment, Samantha is able to provide a comprehensive and detailed analysis of an employee's workstation. Her recommendations are strongly supported by her thorough understanding of human anatomy and postural imbalance to achieve the most optimal workstation set up.
